## Project Description

### About

Eygenda was developed for the multi-tasker in mind. The application allows you to keep track of all your projects and individual tasks within a centralized application. Multiple people can utilize Eygenda at a time with no lag. The application allows the user to create multiple Projects and individual tasks for those projects and once they are completed, provide your employer with a listing of the most up to date information regarding any project that may be going on with the company.

If projects are time sensitive, no problem, you can set the status of either an individual Project or any task within that project. People will work more efficiently and effectively; especially when they know that their deadlines are coming up quickly. Good projection for a project is important and with Eygenda, you can make sure those tasks and projects are completed on time, every time.

### Target Audience

Eygenda is geared to corporations both big and small. Though the application is typically geared to individuals who have a large workload and need a little bit more organization to get the job done. Eygenda is not gender specific and anyone can utilize the application.

Gender: Male and Female

Age: Anyone within the Working environment

Geographic's: Any

Income: Any

### Eygenda Home Page/ Landing Page

The Eygenda Home Page features a blue and white color scheme with a stylized logo at the top. The main content area is divided into two columns. The left column contains a 'Tasks' section with a form to 'Add A New Task' and a 'Projects' section with a table of existing projects. The right column contains a login section for 'Already Registered Log In Here' and a registration section for 'Eygenda Sound Enticing Register Here for Free!'. The footer includes a copyright notice: 'Eygenda Created by Jennifer Brown January 2014'.

### Eygenda Registration Page

The Eygenda Registration Page features a blue and white color scheme with a stylized logo at the top. The main content area is a dark blue box with a light blue background. It contains a registration form with fields for Username, Password, Email Address, and Phone. To the right of the form is a message: 'All Most Done, Click Finish to Get Started Arranging your Projects and Tasks!'. The footer includes a copyright notice: 'Eygenda Created by Jennifer Brown January 2014'.

# Optional Project Items and Milestones

## Optional Items

- Color Selector
- Drag and Drop
- Dashboard Page

## Milestones

09 Jan 2014

- o Design Logo
- o Start Creative Brief

10 Jan 2014

- o Design Logo Completed, Submit via GitHub
- o Continue Working on Creative Brief

11 Jan 2014

- o Develop Work Flow Document
- o Develop the Site Mark-up Page
- o Add Work Flow Document to Creative Brief

12 Jan 2014

- o Complete Project Pitch and Submit
- o Complete Creative Brief and Submit

13 Jan 2014

- o Start working on Assignment Prototype

16 Jan 2014

- o Wrap-up Prototype for Submission

18 Jan 2014

- o Start working on the Development Requirements

20 Jan 2014

- o Work toward the Usability aspects for the Final
- o Polish up site Development for Final and Submit by 31 Jan
